

What would your life be like without an iPad, a television, or a refrigerator? In this writing assignment, students will choose a piece of technology and explain how their life would change if that technology was never invented.

(CCSS.ELA-Literacy.W.2.2) Write informative/explanatory texts in which they introduce a topic, use facts and definitions to develop points, and provide a concluding statement or section.

- Paper and pencil

1. On chart paper, ask students to write a paragraph about a piece of technology that would change their life if it were never invented. They will introduce the technology, explain how their life would change, and provide a concluding statement or section.
